

Read Me

For my portfolio I am submitting three PDF files, they are:

1. *Advanced Game Development Final Project Critique* – This is a critique of a game I developed in high school.
2. *Valleys, Mountains, and Plains* – This is an original piece of prose-style poetry.
3. *PlanetSide 2 Game Critique* – This is a critique of a well-established game.

I'd also suggest that the reader review my *Optional Essay*, included with my application. The *Optional Essay* is an in-depth reflection of my journey to game design.
